## PE-RU-NA IN THE HOME.

Peruna is the best friend I ever had.

Residence of  
MRS. FLORENCE AITKENS  
TOLEDO, OHIO.

One of Thousands of Homes.

MRS. FLORENCE AITKENS, 403rd St., Toledo, Ohio, writes: "Peruna cured me of internal catarrh. I took about four bottles when I noticed the improvement and the fifth bottle cured me."

"I do not know what I would have been like today had I not got Peruna, for I was in a terrible state. I had pains all over and was cross and irritable. I was losing hope of ever being well again, and was downhearted. I am today a cured woman, after suffering for nine months."

"I cannot tell you how happy I feel, but you will know. I never heard of such medicine; it is the best medicine on earth. My husband is now taking it. I will always keep Peruna in my house. Peruna is the best friend I ever had. It must be praised; it cured me."

### Pe-ru-na Tablets.

For two years Dr. Hartman and his assistants have labored incessantly to create Peruna in tablet form, and their strenuous efforts have just been crowned with success. People who object to liquid medicines can now secure Peruna tablets.

### Judge Wallace Enjoined.

Kansas City, Dec.—Judge Wm. H. Wallace of the Criminal Court is made the defendant in an injunction suit brought by Wm. C. Scarritt and others, to prevent him from moving his house from 3200 Gladstone boulevard to Norledge place and Walrond avenue at the expense of the trees along the route.

One of the plaintiffs said last night that a live oak tree, 2½ feet in diameter, was cut down Monday by the workmen.

The petition alleges that "the trees are of more value than the building," and that "the character of the structure and the destruction of trees, which would inevitably occur, would mar the locality."

### Medicine That is Medicine.

"I have suffered a good deal with malaria and stomach complaints, but I have now found a remedy that keeps me well, and that remedy is Electric Bitters: a medicine that is medicine for stomach and liver troubles, and for run down conditions," says W. C. Kiestler, of Halliday, Ark. Electric Bitters purify and enrich the blood, tone up the nerves, and impart vigor and energy to the weak. Your money will be refunded if it fails to help you. 50c at Frank T. Clay's drug store.

### Hawkins For Stone.

Dunklin County Democrat.

Hon. C. P. Hawkins, member of the Legislature, elect, from Dunklin County, wants it understood that he stands pledged to vote for the nominee of his party for Senator, Wm. J. Stone. He was for Gov. Folk at the election, but is now for the nominee. And more, if desired, he will make the speech placing Senator Stone before the Legislature for re-election.

This is by authority, and is plain enough for even the Post Dispatch or Globe Democrat to understand.

## How the Tariff Corrupts.

Jesse F. Orton, secretary of the Tariff Reform Committee of the New York Reform Club, appeared before the Ways and Means Committee to urge a revision of the schedules downward. His impressions of the committee's attitude and of the persons who appeared before it are not without interest.

"It has sometimes been said that the protective system has been the greatest corrupting influence in the history of our national Government," remarked Mr. Orton. "Anyone attending these tariff hearings could hardly fail to get new light on the possibilities in that line. Ex-Representative M. E. Rhodes, of Missouri, appeared on November 11 and urged an increase of the duty on crude barytes from 75 cents to \$5 per ton. Mr. Rhodes read one of his own letters, in which he had said: 'I have personal knowledge of the situation, because I am interested in the mining of barytes.' He said to the committee: 'When I was in Congress I introduced a bill in the Fifty-ninth Congress which sought to fix a specific duty of \$5 a ton on crude ore, because I believed at that time that that would give us ample protection.'

"In the present stage of evolution of public morals, in most city councils a member peculiarly interested in a contract to be awarded by the council is not allowed to vote upon it, and in many cities members are absolutely forbidden to have any personal interests in such contracts. But in Congress members not only introduce and vote on bills for tariff favors in which they are peculiarly interested, but they vote for other members' bills in return for votes for their own.

"On the same date D. S. Alexander, now a Representative from the Buffalo, N. Y., district, appeared before a committee on behalf of the Schoellkopf, Hartford, Hanna Company and pleaded for a higher duty on aniline dyes. He did not state whether he was peculiarly interested in the company, but repeatedly used such expressions as 'our plant,' 'our product,' 'give us,' etc.

"Representative Fordney, of Michigan, is one of the nineteen members of the Committee on Ways and Means who will frame a tariff bill, in which the present duties on lumber will be left, raised or reduced. During the hearing on the lumber schedule Mr. Fordney said, while examining a witness: 'I have been in the lumber business ever since I was a boy.' Later he said, referring to lumber manufacturing: 'I am in the manufacturing business in the South, in the State of Mississippi'; and, again, referring to the lumber business:

### Of Interest To Women.

To such women as are not seriously out of health but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife would be believed seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, again, which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is absolutely free from any element of alcohol, and is composed of the most pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

ness on the Pacific Coast; 'I am in the business out there.'

"These instances of personal pecuniary interest in the tariff favors granted to private parties by Congress certainly are not isolated cases. These have merely 'cropped out' at the hearings.

"There have been examples of another interesting practice. In a court of justice it would be thought strange if a Judge of the same or a co-ordinate court should descend from the bench and address the Judges in behalf of private suitors. Yet members of Congress, the court which must pass on the preliminary findings of the Ways and Means Committee, appear before that committee to plead for private interests in their districts. On November 13, Stephen M. Sparkman, a Representative from Florida, appeared and advocated the retention of the present duties on tobacco. Sometimes members of the co-ordinate body, the Senate, appear.

"On November 18, Senator Hale, of Maine, a member of the Finance Committee, which will deal with the tariff in the Senate, appeared and pleaded for no reduction in the duties on starch and for a duty on tapioca, in the interest of the starch manufacturers of Maine.

"Senator Burton's offense was that he violated the statute forbidding members of Congress to act as attorneys for private interests—before Government departments at Washington. There is, as yet, no statute forbidding members to act as attorneys for private interests seeking tariff favors, or preventing them from passing officially, as legislators, on the granting of such favors to themselves or those who help to keep them in office."

### This is Worth Reading.

Leo F. Zollinski, of 68 Gibson St., Buffalo, N. Y., says: "I cured the most annoying cold sore I ever had, with Bucklen's Arnica Salve. I applied this salve once a day for two days, when every trace of the sore was gone." Heals all sores. Sold under guarantee at Frank T. Clay's drug store. 25c.

### EXPENSE FILING LAW

#### CALLED MORAL MENACE.

### M. K. McGrath Says "Fool"

#### Statute Makes Good Men Lie.

Jefferson City, Dec.—It will not be necessary for candidates for the United States Senate, defeated and otherwise, to file their campaign expense accounts until 30 days after the senatorial election in January.

This construction of the law has been passed upon by several lawyers at the request of Senator Stone and Gov. Folk.

Neither will file until sometime in February.

William Christy Bryan, of St. Louis, who ran for the nomination for Judge of the St. Louis Court of Appeals, spent \$1,890.74. Out of this, \$600 was contributed to the Democratic City Committee of St. Louis.

M. K. McGrath, defeated for the Democratic nomination for Secretary of State, filed an account of \$125, of which "about" \$25 for "refreshments." Mr. McGrath in transmitting his account to the Secretary of State relieved his mind of some rather caustic comment on the corrupt practices act, under which these affidavits are required to be filed. He says: "This law should and ought to be stricken from the statutes of this State. It is a menace to good morals and public decency in office. In effect, it is both deceptive and fallacious. It makes good men lie and bad men worse by increasing their fondness for lying.

"It makes nearly all who make it liable to a criminal offense for making a voluntary false oath.

"It is a 'fool' statute and a 'misfit' device and ought to be repealed and wiped out."

Kodol is made of natural digestive juices found in a healthy stomach, and it digests all food completely. Kodol is pleasant to take, and is guaranteed to give relief in any case of stomach trouble. Sold by C. W. Hees.

## Dr. PRICE'S CREAM Baking Powder

Awarded highest honors by the great World's Expositions, and proved of superior strength and purity by the official tests.

No alum, no lime phosphates  
Food officials, state and national, with physicians, condemn the use of alum in food, and deplore and denounce the dishonest methods by which alum baking powders are imposed upon the public.

### Twenty Uses For the Useful Lemon.

Few people realize the value of lemons which cannot be overestimated, says an exchange. In cases of fever, sore throat or torpid liver the medicinal qualities are unexcelled:

1. Two or three slices of lemons in a cup of strong tea will cure a nervous headache.

2. A teaspoonful of juice in a small cup of black coffee will relieve a bilious headache.

3. The juice of half a lemon in a cup of hot water taken on awakening in the morning is an excellent liver corrective and successful substitute for calomel and other alterative drugs.

4. A dash of lemon juice in plain water makes a cleansing tooth wash, not only removing the tartar but sweetening the breath.

5. A lotion of lemon juice and rose water will remove tan and whiten the skin.

6. Lemon juice with olive oil is far superior to vinegar for a salad dressing—equal parts used for blending.

7. Lemon juice and loaf sugar is good for hoarseness.

8. Outward application of the juice allays irritation caused by insect bites.

9. A refreshing drink is made by adding a freshly beaten egg to lemonade, and,

10. The same mixture when frozen makes a delicious ice.

11. If when boiling sage or rice a teaspoonful of lemon juice is added, the kernels will be whiter and a delicate flavor is imparted.

12. An old fashioned remedy for croup we remember is honey, alum and lemon juice.

13. We all know the value of salt and lemon juice for removing rust stains from white goods.

14. After the juice is extracted the rind dipped in salt cleanses brass beautifully and conveniently.

15. It also removes unsightly stains from the hands.

16. For flavoring cookery, lemon juice is unexcelled.

17. After the pulp is removed the skins make dainty receptacles for serving salads, ices, etc.

18. Tough meat can be made tender by adding a teaspoonful of lemon juice to the water in which it is boiled.

19. Slices of lemon garnish fish of all description.

20. Tea is greatly improved by the addition of a slice of lemon—either for summer use, or as Russian tea on a cold winter's day.

In buying lemons, select those having a thin, dry rind—these are cheaper and are much juicier than the fresh plump ones.

### Missouri Press.

Carrie Nation is now sailing across the brine for Scotland. The sight of the compassless water must be a healing one to her.—Catharine Democrat.

It is said that Evelyn Thaw has become reconciled to her husband, Harry. Wonder what she does with all her money, anyway?—Springfield Republican.

It is reported that Ann Gould was once kidnapped by a French barber at El Paso, Tex. Since then she has been doing a little kidnapping on her own account among Frenchmen.—St. Joseph Gazette.

It is reported that Washington friends will labor for a Cabinet place for John Hays Hammond, the millionaire mining engineer. It is to be hoped that they will be able to make more noise than the friends who had charge of the Hammond vice-presidential boom at the Chicago convention.—Sedalia Democrat.

Frank G. Harris, Prosecuting Attorney of Boone county, sees no way of convicting a doctor of writing illegal whiskey prescriptions unless the patient can testify that he asked for whiskey and was given a prescription without an examination being made or any questions being asked, and further, that the patient did not go to the doctor's office with the intention of getting the doctor to write an illegal prescription to be used in prosecution.—Moberly Monitor.

## For Coughs—Take This

Do you know a remedy for coughs and colds nearly seventy years old? There is one—Ayer's Cherry Pectoral. Once in the family, it stays. It is not a doctor, does not take the place of a doctor. It is a doctor's aid. Made for the treatment of all throat and lung troubles. Ask your own doctor his opinion of it. Follow his advice. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

You cannot recover promptly if your bowels are constipated. Ayer's Pills are gently laxative; act directly on the liver. Sold for nearly sixty years. Ask your doctor all about them.
